INVOLVEMENT

PLACEMENT COORDINATOR OF CSE BRANCH
PARALA MAHARAJA ENGINEERING COLLEGE
August2023 - April 2024
Representing CSE branch In the Training and Placement Cell.

OBJECTIVE

Organized and dependable candidate successful at managing multiple priorities with a positive attitude. Willingness to take on added responsibilities to meet team goals. To seek and maintain full-time position that offers professional challenges utilizing interpersonal skills,excellent time management and problem-solving skills. Detail-oriented team player with strong organizational skills. Ability to handle multiple projects simultaneously with a high degree of accuracy.

PROJECTS

RESPONSIVE PORTFOLIO WEBPAGE
FEBRUARY 2024

I Create a dynamic and visually appealing portfolio website with the MERN stack—MongoDB, Express.js, React.js, and Node.js. Utilize React for a seamless, responsive user interface, Express for server-side logic, Node.js for backend functionality, and MongoDB for a robust database. Implement features like real-time updates, smooth transitions, and adaptive layouts to showcase my projects and skills effectively across various devices.

PADDY PROCUREMENT SYSTEM USING BLOCK CHAIN
MINOR PROJECT 2023-24

Currently working on optimising the public distribution system in India by incorporating the features of blockchain so as to create a dynamic, secured and transparent network. This uses the Ethereum blockchain network for creating the transactional records which can be accessed in a more convenient manner through the interface created using Reactjs, Node.js, MongoDB, Hardhat.

TRAVEL AND TOUR UI USING REACT
FEBRUARY 2024

I developed using React and SCSS. Technology stack: React for dynamic, responsive UI and SCSS for sleek, maintainable styling. Features: Seamless navigation, vibrant imaginary, and user friendly design to make planning your next adventure a breeze.

FOOD DELIVERYAPP
INTERNSHALA. JANUARY 2023

I built a basic food delivery app using XML for the front end and Kotlin for the backend to give functionality to my app.
